

# AVIT210 : Private Pilot Airplane

Includes actual flying experience with an FAA approved flight instructor. Students will receive 70 hours of flight instruction including dual and solo, 25 hours of pre/post flight briefing, and 60 hours of ground training. It may be necessary for the student to purchase additional time to meet proficiency and completion standards. Successful completion will result in earning a Private Pilot Certificate. This course facilitates students in developing the knowledge and skills needed to safely exercise the privileges and obligations of a Private Pilot acting as Pilot-in-Command of a single-engine airplane. This is a Pass/Fail course.
