

# SOCL203: Social Inequality and Intergroup Relations

Focus on sociological theories and concepts to describe and explain interactions between groups in our multicultural society. Exploration of social, political, and economic dynamics inherent in conditions of social inequality within a framework that incorporates concepts and consequences of race, immigration status, social class, gender, age, religion, different ability, and sexuality. Analysis of the myriad challenges faced by our society as our American culture continues to diversify through changing ideologies, immigration, and globalization.
